Hole

Royal Blood

She turns it off when I'm comin' home Loses the feeling when you're so alone

I'm just another one driftin' away

When tables turn, I'm here to stay'Cause it's not true, what they say

I'm just stuck in a hole

Yeah, keep goin', keep goin' my way

I'm just stuck in a holeSo sick, so tired, never let it go

You just can't leave it alone

No fun, never really won

Had the dirty smile wiped from my face

Yeah, I'll try to pray for ya son

Oh we'd hate to see you fall from graceShe turns it off when I'm comin' home

Loses the feeling when you're so alone

I'm just another one fadin' away

When darkness falls, it's here to stay'Cause it's not true, what they say

I'm just stuck in a hole

Yeah, keep goin', keep goin' my way

I'm just stuck in a holeSo sick, so tired, never let it go

You just can't leave it alone

No fun, never really won

Had the dirty smile wiped from my face

Yeah, I'll try to pray for ya son

We'd hate to see you fall from grace Yeah, keep going, keep going my way

I'm just stuck in a holeI'm just stuck in a hole
