Drinking Problem

Surfer Blood

Yeah you think you've got [bugs]?
You think you've got a problem
Baby you I'm thinking of
At least I know who my
At least I know who my friends are8 x (at least I know who my)Yeah man you think that you've got [bugs]?
(repeat)
[.....longitude] (repeat)
You've already done too much (repeat)
At least I know who my (repeat)Even with you resolutions
Hypocrisy is digging in
You don't need a point of reference
You just need to be afraid
Even though I can't believe you
It's not like I don't want toAnyone can make excuses
At least I know who my (repeat)6 x (Come on in if you think you've got [bugs]?)At least I know who my
At least I know who my friends are
