

Sweaty and Hairless

Chixdiggit!

She was sweaty and hairless
Glistening, careless
And on her side was a tattoo of a phoenix My eyes filled with her sweat
But it was painless
I can't decide where I begin and she ends Givin' her from scene to shining scene
Glowing neon sticks for you and me
Can't go in without a whistle
Can't stay outside Frisco used to be the place to be
You ain't trying to tell me
It can beat walking through the English country
With you by my side She was sweaty and hairless
Glistening, careless
I guess same with me
Looking good as I can Ain't going home yet
Ain't sick of recess
She can't decide where we take off and she lands Givin' her from scene to shining scene
Glowing neon sticks for you and me
Can't go in without a whistle
Can't stay outside Frisco used to be the place to be
You ain't trying to tell me
It can beat walking through the English country
With you by my side Well, I'm walking the English country
Street signs and swinging chairs
It got me thinking what life's got in store for me I'm getting indie rock
I think I'm done with raving
I hear that Third Eye Blind is looking for a bassist Givin' her from scene to shining scene G
Glowing neon sticks for you and me
Can't go in without a whistle
Can't stay outside Frisco used to be the place to be
You ain't trying to tell me
It can beat walking through the English country
With you by my side
