Crush Depth

Brainstorm

Free your mind and the rest will follow!
Say what you think and think the way you feel.
It takes today's inner strength to make it through tomorrow.How much time will it take
Till I know I'm stronger now,
how much brightness can I stand
before I see the light and howDo I have to say the words
or do I have to face the fact
When I'm looking through the glass,
shows me memories to forgetSecurity success, shines on a pedestal
Swallowed in by your peers
Destructive atmosphereSo you're lost in the mind
and deeper you'll find
Crush depth to the end of light
forever you're here
I shed no tear
Crush depth to the endless mightscreams in agony,
I lick my wounds and still
it's hide and seek
secret's found in therapyI hear you coming faster
I can hear you down the hall
I'm out the door, I'm breaking through
I'm comin' after youSecurity success, shines on a pedestal
Swallowed in by your peers
Destructive atmosphere
