Nearly Lost

En Vogue

How could this be happening
See, I gave my all,
Still you walked away, yes you did
This ol' house ain't been the same
These same walls
They call out your name
And then
Gotta stop and catch my breath
There really ain't nothing left
Tryin' hold on it's gone
I'm movin' on without you
Every time, I dry these eyes
It really builds up inside

Use to be me and you
And I still can't believe we're through
Chorus
I nearly lost my mind
Cried about a thousand time
Really tired of missin' you
Baby
Gotta get through this pain
Wish I never hurt again

Why'd you take our love away
My baby
You don't know the pain you caused
When you broke me down
You didn't care at all
No you didn't
Took my soul, mistreated me
But, see that's alright
I'm back on my feet
Gotta stop and catch my breath
There really ain't nothing left
Tryin' hold on it's gone
I'm movin' on without you
Every time, I dry these eyes

It really builds up inside

Use to be me and you
And I still can't believe we're through
Chorus
