

Hear'Say

Da da da da da da da da NOEL:
I was falling through my sleep all night
In a dream I could be with you
Out of nowhere
Your guiding light shines through My world keeps turning
Tearing me apart
Since you've gone, all I want is you
How did we never see this was meant to be, it's true DANNY:
I want to tell the world and shout it out,
That what we have is real
I know that this is what it's all about
'cause I feel Chorus: That everybody, needs somebody to love,
Be the one tonight.
Just Anybody, won't shine the light that burns,
Only you are right.
I can't imagine,
How my life would feel if I was standing without you
'cause everybody, needs somebody to love...
And I want you. Dadadadadadadadadadadad DANNY:
Time together, slipping through my hands,
Stop it all, 'cause I want more.
You are the answer, just so far away,
You're what my life is for. I want to tell the world and shout it out,
That what we have is real
I know that this is what it's all about
'cause I feel Chorus: That everybody, needs somebody to love,
Be the one tonight.
Just Anybody, won't shine the light that burns,
Only you are right.
I can't imagine,
How my life would feel if I was standing without you
'cause everybody, needs somebody to love...
And I want you DANNY:
I want to tell the world and shout it out,
That what we have is real
I know that this is what it's all about
'cause I feel That everybody, needs somebody to love,
Be the one tonight.
Just Anybody, won't shine the light that burns,

Only you are right.
I can't imagine,
How my life would feel if I was standing without you
'cause everybody, needs somebody to love...
And I want you
