

Now

Def Leppard

I wanna know you better
Let's spend some time together
I wanna be what's on your mind
Look in my eyes they're callin'
I need your love to fall in
If you could just give me a sign
I can't get over baby
I can't get over now
I can't get over this feelin' I feel
Now, right now
It's the fire inside you
Feels like, I feel
Now, right now
Deep inside of me
Deep inside of me
I'm tired of make believin'
I'm lost and barely breathin'
I'm on the ceiling, help me down, yea
So stop my heart from achin'
I'll be the risk you're takin'
And I won't rest until you're mine, ohh
I wanna show you baby
I wanna show you now
I wanna tell you this feelin' I feel

Now, right now
It's the fire inside you
Feels like I feel
Now, right now
If it's love you're cravin'
It's the love worth savin'
Can't get over this feelin' I feel now, yea
Now, right now
Let the fire inside you
Burn like I burn
Now, right now
If it's the love you're cravin'
It's the love worth savin'
Deep inside of me

Deep inside
Deep inside of me
Deep inside
Deep inside of me
Deep inside of me
Deep inside
Deep inside of me
Deep inside
