

Set It Off

Static-X

Wait every hour of every day
Played light, played hard, had to go my way
I feel like death wearing a disguise
Can't catch my breath, from all this noise
From all this noise I want, I want, I want, I want, I want
I'm fucking bored, give me a new found sensation
Take it, take it, take it, take it
Take all the pills, I'm trying anything to get me off Come on, come on, come on, come on
Kicked in the ass, why do you tell me I can't?
Fake it, fake it, fake it, fake it
I can't go on, give me anything to set it off
Set it off I bite your tongue, watch with keen eyes
I found the gun, nervous excitement
Go on and touch it, you just might like
I sip your poison one last time, one last time I want, I want, I want, I want, I want
I'm fucking bored, give me a new found sensation
Take it, take it, take it, take it
Take all the pills, I'm trying anything to get me off Come on, come on, come on, come on
Kicked in the ass, why do you tell me I can't?
Fake it, fake it, fake it, fake it
I can't go on, give me anything to set it off My confidence is all that's left
Under this veil I count the minutes
I'm growing weaker, search for a glimmer
Pulsating sounds come blaring out You may be right, my mind is gone
I'll try anything to set this off
Set it off (Set it off)
Anything to set it off
Anything to set it off
(Off)
Anything to set it off
(Off)
Anything, anything, anything to set it off I want, I want, I want, I want, I want
I'm fucking bored, give me a new found sensation
Take it, take it, take it, take it
Take all the pills, I'm trying anything to get me off Come on, come on, come on, come on
Kicked in the ass, why do you tell me I can't?
Fake it, fake it, fake it, fake it
I can't go on, give me anything to set it off Anything, anything, anything to set it off
(Set it off)

Anything, anything, anything to set it off
(Set it off)
Anything, anything, anything to set it off
