No Different

Tonight Alive

Yeah, we've all made mistakes.
We're no different, oh, only by name.
With our own risk to take.
We can trust that we've all felt the same.

But I deserve this, you don't
Please don't blame yourself
I can't say that I won't.
And don't you bring this all down on your head.
Give it to me instead.

I was looking for something to drown out the pain.
But with all the wrong answers it started again.
I learned on that very day,
I just cannot keep running away from myself.
Under a spell dragged myself to hell.

I'm not trying to bring you down.
I'm just talking to myself out loud.
It's not like me to be so down.
Slow down.

I was looking for something to drown out the pain.
But with all the wrong answers it started again.
I learned on that very day,
I just cannot keep running away from myself.
Under a spell dragged myself to hell.

I was someone else
Someone I do not know and
I hated myself
But it's behind me now.

I was looking for something to drown out the pain.
But with all the wrong answers it started again.
I learned on that very day,
I just cannot keep running away from myself.
Under a spell dragged myself to hell.
