

Hate (Danny Scrilla Remix)

Cat Power

Anyone can tell you there's no more road to ride
Everyone will tell you there's no place to hide
There's no laws or rules to enchain your life But the ones who didn't make it, the ones who couldn't take it
So glad they made it out alive
Everyone loves the fun, everyone comes by
In the wind I crunch, I want to die They can give me pills or let me drink my fill
The heart wants to explode far away where nobody knows Do you believe she said that?
Do you believe she said that? I said I hate myself and I want to die Half of it is innocent, the other half is wise
The whole damn thing makes no sense
I wish I could tell you a lie
Hey, come here let me whisper in your ear I hate myself and I want to die Do you believe she said that?
Can you believe she repeated that? I said, I hate me, myself and I
Said I hate myself and I want to die
