

# Pork Roll Egg and Cheese

## Ween

When you've had your fun, and your work is done  
You must not succumb  
I can feel you breathe, it's like a mega-weedge inside  
Please don't hide So mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun  
Mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun When the guava's drained, Eddie Dingle remains  
But we must further ourselves on  
So dynamic is life, staring into the sight's  
Not right, but wrong in a good way So mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun  
Mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun When you've had your fun, and your work is done  
You must not succumb  
I can feel you breathe, it's like a mega-weedge inside  
Please don't hide So mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun  
Mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun Mom, if you please, pass me the pork roll egg and cheese  
If you please, on a kaiser bun  
Kaiser bun  
Pork roll egg and cheese, eez
