

# Mercy Fuck

## Foxx Bodies

Leave me in the bathroom with tears streaming down (her?) face.  
Guess I'm responsible for all of these memories to erase.  
Don't look me in the eye, don't look me in the heart 'cause I'm fine.  
I've always been fine.

(?) stop touching me I don't wanna hang, don't wanna smile.  
(?) stop calling me you're the reason that I'm here.  
I'm fine.

Leave me in the grocery aisle 25 and I'm alone.  
Does anyone know that you were here or will I die inside that phone?  
Recharge, replug, retype, resend. God damnit I'll be fine.  
I'll always be fine.

Please don't look at me, don't touch me on my thighs  
I don't wanna be here anymore.  
I'm scared and I'm a child let me go.  
I'll admit it I'm not fine.

Leave me alone again.  
Trapped inside this darkness in my mind.  
Open my eyes to find you're gone again.  
Guess I'll get dressed and be on my way cause I've gotta be fine.  
Blood is seeping out my eyes.  
I guess I'm not so alright.
