

# Fields

## Make Good Your Escape

I don't know the reason  
lets just make a choice  
Lets throw out the caution  
just one ----- voice  
So walk me through  
back through the fields  
when i walked down  
that road i find  
i already know  
On with the show  
If there's a god  
Then god only knows  
Walk me back through  
Fields i knew  
So when  
Like when we believed  
a moment in time

When we shined  
so walk me through  
back through the fields  
oh take me home  
back to the fields  
erase the dream  
rewrite the scene  
if there's a god,  
then god only knows  
what we should know  
On with the show  
Ohh, ooaahh,  
ooaahh, oaah,  
oaaaooahh, oaaooahhoahh,  
ooaahah, oooahh,  
oaaah, oaaah,  
oaaahhaa, oaaahhhh,  
oaaaaahh, oaaahh,  
oaaahhahhahh
