

# What Are You Drinking

[Ryan Hurd](#)

Is it a scotch on the rocks with a record on  
Comin' down off a long day  
Is there sugar on your lips  
Baby, tell me, is there vodka in your lemonade  
Ooh-ooh-ooh, it's been a little while since I heard from you-ooh-ooh  
And I was just wonderin'  
Are you sippin' on red wine  
You thinkin' 'bout old times  
Is it a straight tequila night  
Or a beer with the girls in a downtown dive  
Are you raisin' up champagne  
Is there a tear in your Tanqueray  
Are you heartbroke  
Are you doing fine  
I wanna know  
What are you drinkin' tonight, mm  
Are you sittin' by yourself in an old hotel bar  
Lookin' beautiful  
Are you trying something new with a stranger in a booth  
Or stickin' to the usual  
Ooh-ooh-ooh, ain't tryna pry, just tryna get a line on you-ooh-ooh  
And I just wanna know  
Are you sippin' on red wine  
Thinkin' 'bout old times  
Is it a straight tequila night  
Or a beer with the girls in a downtown dive  
Are you raisin' up champagne  
Is there a tear in your Tanqueray  
Are you heartbroke  
Are you doing fine  
I wanna know  
What are you drinkin' tonight  
What are you drinkin' tonight  
I wanna know, I wanna know what  
I wanna know what you're drinking tonight  
Is there one last shot before you go to bed  
Is there a little bit of change your mind in that glass of  
Red wine  
Thinkin' 'bout old times

Is it a straight tequila night  
Or a beer with the girls in a downtown dive  
Are you raisin' up champagne  
Is there a tear in your Tanqueray  
Are you heartbroke  
Are you doing fine  
I wanna know  
What are you drinkin' tonight  
What are you drinkin' tonight  
Yeah
