

# My Confession

Nick Carter

I'm just trying to figure out  
What's wrong with your head  
Everytime I look around  
You're somewhere else instead  
I wanna ask you why  
But everytime I try, you cry  
And I want you to know, when you're floating in space  
And I want you to know, if you ever come back down  
And I need you to know  
I wanna breathe you, I wanna feel you near  
This is my confession  
I wanna see what you see when you cry those tears.  
Give me just a second what am I to do?  
Maybe it's obsession but this is my confession  
I confess, everytime I come around  
Something's always got you down  
And I don't understand why  
And if you wanna tell me  
I'll be the angel on your shoulder baby  
I'll be the man that you confide in  
But I, can't seem to get you out that place  
And everything you do is just  
Uh erasing the pain  
Hatred inside, I can't ask why  
And I want you to know when your floating in space  
  
And I want you to know, if you ever come back down  
And I need you to know  
I wanna breathe you, I wanna feel you near  
This is my confession  
I wanna see what you see when you cry those tears  
This is my confession  
I wanna breathe you, I wanna feel you near  
Give me just a second, what am I to do?  
Maybe it's obsession but this is my confession  
And I want you to know, when you're floating in space  
And I want you to know, if you ever come back down  
If you ever come back down  
I wanna breathe you, I wanna feel you near

This is my confession  
I wanna see what you see when you cry those tears  
This is my confession  
This is my confession  
I wanna breathe you, I wanna feel you near  
This is my confession  
I wanna see what you see when you cry those tears  
This is my confession  
This is my confession
