## **Supernatural**

## **Cowboy Junkies**

Built a king on compliments
Charisma and advertisements
Still they see him shimmer ephemeral
It ain't supernatural, noIt ain't supernatural
Supernatural, babyAn out of body experience
I flew around the hospital room once
On intravenous Demerol
It was supernatural, noIt was supernatural
Supernatural maybeSudden smell, a certain view
Sparks a whoppin' case of the dj vu
Is it inexplicable? It ain't supernatural, no, no
It ain'tSupernatural
Supernatural, baby
