## Kings of Leon

Now taste  
All I ever needed  
All I ever wanted  
Too dumb on to surrenderShe shakes  
Like the morning railway  
Checking me out  
with someone on her shoulderHer lamp  
Flippers in her bedroom  
She must feel as awkward  
Whorehouse ArizonaAnd I go  
Stand up to a giant  
Say that I'm a fighter  
Too drunk to remember  
Too drunk toShake hands, my face  
Is laying on the pavement  
Tastin' something awful  
I hate when that happensShe waves  
Thinking that it's sexy  
She must be plum crazy  
I kinda think I like her  
I kinda think I do
