Live and Breathe

Superdrag

i don't know the first thing about you.
whenever i act like i do.
so what does my whole lifetime amount to?
if every beat of my heart is untrue.this is all i came here to ask you.
whose voice is the sound of the sea.
with whom there's no shadow from changing.
whose very breath is electricity.
if i live and breathe.
if i still believe.
if i can eat and drink
speak and think i thank you.
then my heart explodes.
my senses overload.
every sound i hear
i came in here to thank you.in the one true palace of wisdom.
the place where the captives are freed.
in their midst a conquering lion.
whose voice is the sound of the sea.in my supernatural sickness.
what physician can heal my disease?
here and now a conquering lion.
whose very breath is electricity.
if i live and breathe.
if i still believe.
if i can eat and drink
speak and think i thank you.
then my heart explodes.
my senses overload.
every sound i hear
i came in here to thank you
