

# Zimbabwe

## New Navy

Let's board a plane without no destination  
Take your time you're gonna need some patience, girl  
A holiday  
Leave the city for an open highway  
Or the planet for a clear blue sky-way, oh  
It's our world, girl

We need a holiday  
Away from here  
To Zimbabwe-babwe-babwe-babwe

It's not a change, it's just a slight vacation  
Let's go around to other distant nations, now  
A holiday  
Leave the office for the open planes and  
Leave the paperwork for other days, just go

We need a holiday  
Away from here  
To Zimbabwe-babwe-babwe-babwe

We need a holiday  
Away from here  
To Zimbabwe-babwe-babwe-babwe

We need a holiday  
Away from here  
To Zimbabwe-babwe-babwe
