## Sharon Van Etten

Do, do I... no  
You is so...  
If were all up to em I would say  
Don't... with face  
To stay You, did you embrace  
You did through embrace... ask you in pain all the time  
In the old...  
Pacing pacing in you your... to cause  
Uhh in your own breast,  
Uh in your own breast  
Mhmm mhmm mhmm mhmm Take on yourself  
It's the only out we  
Trumble steppers  
In your own breast
