Revolution

The Derek Trucks Band

People, this is just a dream away
I see us walking to a better day
Gonna be alright when tomorrow comes
After the heat of the revolution
One world forever
One world, I see
One world forever and ever
It's alright with me
Daylight comes like a wonder drug
You've got to live for what you love
Gonna be alright when tomorrow comes
After the heat of the revolution
One world forever
One world, I see
One world forever and ever
The revolution, it's alright with me, yeah
The revolution, it's alright, oh, it's alright with me
One world forever
One world, I see
One world forever and ever
The revolution, it's alright, yeah, it's alright with me
It's alright with me, yeah
The revolution, revolution
One world forever
One world, I see
One world forever and ever
It's alright with me
