Amazing

Tank

Light the candles I'm gone be romancing you
And we gonna play some Marvin, cause your body is starving (ohhhh)
And you ain't gotta worry about left-overs
Cause this loving that I'm giving you
Is freshly served and I got what you want, I know your favorite song
Baby put your watch down its gonne be a long while
Amazing, incredible, Outstanding, girl that's what you are
Mind blowing, your beauty's showing
Amazing, girl that's what you are
Girl stay right there, I'ma give it all to you
And yeah I notice your lack of lovin' but I'm gonna please you, you
While I got your attention, I won't forget to mention you
Cause at night when I pray girl here's what I say about you, you (ohhhh)
Amazing, incredible, Outstanding, girl that's what you are

Mind blowing, your beauty's showing
Amazing,girl that's what you are
So hold on, it's about to be a bumpy ride.
So strong describes the way I feel every time I look in your eyes.
Baby, baby, baby, baby
Go ahead, satisfy me
Baby, baby, baby, baby
You've got just what I neeeeeed
Amazing, (Amazing) incredible (incredible) Outstanding, girl that's what you are
(What you are)
Mind blowing (mind blowing), your beauty is showing (showing)
Amazing, girl that's what you are
Amazing, incredible,Outstanding, girl, that's what you are
Mind blowing,girl you are, so beautiful
That's what you are, yeah
