

happiness (analyzerz bootleg)

[Sam Sparro](#)

I can see the sun coming up
And I need it (oh yeah)
I feel like I've been down for a while
They said the grass was always greener
But you know I haven't seen her
I feel like I've been dying for a smile And I'm not going to stop
Cuz time waits for no one
I got only what I got
While I'm alive I can feel the world spinning 'round
Do you feel it? (oh yeah)
Before every day comes a night
But if you're blinded by the light
You can't see anything in sight
Sit tight sit tight it'll be alright And I'm not going to stop
Cuz time waits for no one
I got only what I got
While I'm alive Happiness you belong to me,
Happiness you're mine
Happiness you belong to me,
Happiness you're mine I said I've been looking for you
But I haven't found ya
I said I've been looking for you
But I haven't found ya
I said I've been looking for you
But I haven't found ya
I said I've been looking for you
But I haven't found ya Happiness you belong to me,
Happiness you're mine
Happiness you belong to me,
Happiness you're mine
Happiness you belong to me,
Happiness you're mine
Happiness you belong to me,
Happiness you're mine
