

# The Waves (Psychemagik Mix)

## Villagers

Intro There are waves up in the diamond sky  
Stronger than you and I  
I'm a wave, I break through the barrier reef  
Cut through the carbon sea, approaching the shore Look at the sky, look at the trees  
Man it's all the same to me  
Look at the cars, look at the birds  
And all of these invented words  
One body's dying breath is another's birth  
What are you running from, what are you running from? Sister jury, brother judge and you will recognize this  
grudge  
Buried deep beneath the sands and these ridiculous demands  
No time for innocence, or sitting on the fence  
What are you gonna do, what are you gonna do?  
When the waves cover the coastal plain  
The tents and the cars and the trains  
And the trains of honeybees, cemeteries  
Of well insulated dignitaries  
All screaming of the memory of a human love  
For anything or anyone Look at the birds, look at the bees  
Damn it's all the same to me  
Look at the girls, look at the gold  
Gathered, beat and bought and sold  
One man's innocence is another's chance  
What were you thinking of, what were you thinking of? Now please let me boil it down to this, my son  
This party's getting wet, but it ain't over yet  
So what is it gonna be, what is it gonna be?  
Just let the waves cover the coastal plain  
The fear and the guilt and the pain  
And the trains of honeybee jealousy, of well insulated bigotry  
And if you don't agree, you'd better get back inside your cave  
'Cause we're all dancing with the waves  
Up in the diamond sky  
Stronger than you and I  
I'm a wave, I break through the barrier reef  
Cut through the carbon sea, approaching the shore Approaching the shore  
Approaching the shore  
Approaching the shore  
Approaching the shore  
Approaching the shore
