

# All About Us

## Brazilian Girls

It's not about the way I look when I wake up in the morning  
It's not about the way I feel  
When you open up a book  
For the first time  
It's not about the first line, is it?

It's not about the imagery in a poem  
Not about the melody when there is none

It's not about means I can afford it with  
It's not about me at all

Because its all about us  
All about us  
And that?s all

Me, too,  
I wanna have a swimming pool  
And a house in the country and one in the city  
And one in Brazil

It's not about the way that I can pay for it with  
It's not about me or you

It's all about us  
All about us  
You me him you over there, them me all of us
