Divinity

Amorphis

Last day brings the grace
For bearers of forbidden name
Step into five fold mace
As son, as father in a frameSomeday fire wipes the rain
Fears are frozen tears
Whisper things that no one hears
Cry now, cry now for me again
Tomorrow's pride and pain
Why you kneel before my nameCrushing my belief
And make shape to my relief
For who you set your prayers
I can't hear them anywaySomeday fire wipes the rain
Fears are frozen tears
Whisper things that no one hears
Cry now, cry now for me again
Tomorrow's pride and pain
Why you kneel before my name
