

# Road Salt

## Pain of Salvation

This time I'll try not to get hurt  
This time I'll stay untouched with pain and dirt  
This time I'll stick to what I've learned  
This time I'll fly so low I won't get burned Maybe it's not enough  
Maybe this time it's just too much  
Maybe I'm not that tough  
Maybe this time the road is just too rough  
Walk down, so I sit down, mmh...I've walked this road so many years  
I've worn down all my boots, I've cried all tears  
So many crossroads left behind  
So many choices burned into my mind Maybe it's not enough  
Maybe this time it's just too much  
Maybe I'm not that tough  
Maybe this time the road is just too rough  
To take me home
