

Catchin' Feelings

Gerald Levert

Catchin' feelings

I'm catchin' feelings, I'm catchin' feelings

I don't think I can deal with hollering at you and you not holler back

Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings

I don't think I can deal with knowing you're laying up with somebody else

I don't want you for my friend if I can't have you for myself

A friend of a friend introduced us, had some drinks and some laughs

Told me about your man, I told you 'bout my girlfriend

You said he made you happy sometimes

But he spends way too much time at work

And his family worked yo' nerves, baby

Momma was a jerk and his kissing was the worse

But you still loved him, so we agreed to meet next week

For conversation and some drinks

But baby girl, I think I'm catchin' feelings, I'm catchin' feelings

I don't think I can deal with hollering at you and you not holler back

Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings

I don't think I can deal with knowing you're laying up with somebody else

I don't want you for my friend if I can't have you for myself

You brought your man the next week, that didn't sit well wit me

But our other friends made it easier for me to be in your company

You said, "Hey, that's my jam", but your man didn't want to dance

So I took you by the hand and led you to the dance floor

The closer we got, I started feeling hot

Ooh, I know you feel me, girl, how embarrassing

But you didn't push away, you pulled me closer to your face

Whispered this is wrong, we stopped before the end of the song

I'm catchin' feelings, I'm catchin' feelings

I don't think I can deal with hollering at you and you not holler back

Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings

I don't think I can deal with knowing you're laying up with somebody else

I don't want you for my friend if I can't have you for myself

I met many a woman but never felt this way

You had me wide open the first time I seen yo' face

But I can't be around you and know you're not mine

So if you really love him, tell me am I wasting my time?

I'm catchin' feelings, I'm catchin' feelings
I don't think I can deal with hollering at you and you not holler back
Leaving messages on your phone and you don't hit me back
I'm catchin' feelings, I'm catchin' feelings
I don't think I can deal with knowing you're laying up with somebody else
I don't want you for my friend if I can't have you for myself
I'm catchin' feelings, I'm catchin' feelings
I don't think I can deal with knowing you're laying up with somebody else
I don't want you for my friend if I can't have you for myself
