# God I Get It

## K. Michelle

Always loving what don't love me
Put my trust in things I don't need
My poor heart should be mad at me
I just leave my wounds to bleedHaven't I learned anything
You showed me signs to help me see
But I love so blindly
I'm taking full responsibilityGod I get it
I'm a mess and I admit it, whoa
I keep learning the same lessons
While I'm missing out on blessings
God I get it, whoa whoaGod I get it
I'm a mess and I admit it, whoaaa
I keep learning the same lessons
While I'm missing out on blessings
God I get itProbably should of just had one glass
But instead I started a bath
Don't feel better, I still feel bad
Not the first time, won't be the lastHaven't I learned anything
Showed me signs to help me see
But I love so blindly
I'm taking full responsibilityGod I get it
I'm a mess and I admit it, whoa
I keep learning the same lessons
While I'm missing out on blessings
God I get it, whoaGod I get it
I'm a mess and I admit it, whoa
I keep learning the same lessons
While I'm missing out on blessings
God I get itI know the truth but still do wrong
No it can't be worked
I'd rather be left alone
They don't know my heart
They tear me apart
Tryna get it togetherGod! I get it!
I'm a mess and I admit it, yeah whoa
I keep learning the same lessons
While I'm missing out on blessings
God I get it, whoaGod I get it
I'm a mess and I admit it, whoa

I keep learning the same lessons
While I'm missing out on blessings
God I get it
