Everybody Is A Star

Fishbone

Everybody is a star
Who would rain and chase the dust away?
Everybody wants to shine
Who comes out on a cloudy day?'Til the sun that does you proud
When the system tries to bring you down
And every hand to shine tonight
You don't need darkness to do what you think is rightEverybody is a star
I can feel it when you shine on me
Oh, I love you for who you are
Not the one you feel you need to beEver catch a falling star
Ain't no stopping 'til it's in the ground
Everybody is a star
One big circle going round and roundShine, shine, shine, shine
Shine, shine, shine, shineOne star shine
