

Breathe

[Tyler Layne](#)

Verse 1:

Wide awake. A Reckless night. Me against my thoughts Iâ€™m trying to fight. My demons coming back for more. I donâ€™t recognize myself anymore. In the mirror thereâ€™s a monster staring back at me. Scared of myself I think â€œI amâ€ is heâ€™m. My ship sank. Iâ€™m undone. Tying myself to an anchor.

Chorus:

It feels like I canâ€™t breathe. Iâ€™ve got a hold on me. My own worse enemy. Need someone to come in save me. Can't believe Iâ€™m here again. Reached another dead end. Canâ€™t take more self destruction. Iâ€™m running out of oxygen.

Verse 2:

Another day itâ€™s all the same. Stuck in the eye of a hurricane. Rushing, rolling, just one more shot til we reach the moonland. Always feel like Iâ€™m one step behind. I canâ€™t keep up with the speed of time, but Iâ€™ll keep pretending like Iâ€™m okay when you ask me.

Chorus:

It feels like I canâ€™t breathe. Iâ€™ve got a hold on me. My own worse enemy. Need someone to come in save me. Canâ€™t believe Iâ€™m here again. Reached another dead end. Canâ€™t take more self destruction. Iâ€™m running out of oxygen.

Bridge:

Iâ€™m drowning. Iâ€™m screaming. Can anyone hear me? Is anyone listening? x2
Can anyone hear me?

Chorus:

It feels like I canâ€™t breathe. Iâ€™ve got a hold on me. My own worse enemy. Need someone to come in save me. Canâ€™t believe Iâ€™m here again. Reached another dead end. Canâ€™t take more self destruction. Iâ€™m running out of oxygen.
