Dissident Aggressor

Halestorm

Grand Canyons of space and time universal
My mind is subjected to allStab, fight
The hooks to my brain are well in
Stab, fight
I know what I am, I will liveCracked, blackened memories of unit dispersal
I face the impregnable wallStab, fight
The hooks to my brain are well in
Stab, fight
I know what I am, I will liveExploding, reloading, this quest never ending
Until I give out my last breathStab, fight
The hooks to my brain are well in
Stab, fight
I know what I am, I will live
