

Hold On

Nemesea

It's almost like you've never been here
You felt so lost and left behind
You felt the anger for so many years
But you kept it locked inside Feel it
Believe it
See it
Believe it No it's not too late to change your ways
Got to leave behind those days
Hold on, hold on
No it's not too late to change your ways
Got to find another pace
Hold on, hold on
All those feelings that were taunting
Felt as if they would collide
When the light would slowly fade away
There was no place for you to hide Feel it
Believe it
See it
Believe it No it's not too late to change your ways
Got to leave behind those days
Hold on, hold on
No it's not too late to change your ways
Got to find another pace
Hold on, hold on Please trust me when i say
We can find another way
And i hope you understand
I am here to hold your hand
No it's not too late to change your ways
Got to leave behind those days
Hold on, hold on
No it's not too late to change your ways
Got to find another pace
Hold on, hold on Hold on, hold on now
Hold on
