

See You When I Get There

Avery*Sunshine

I think they got it all wrong
But who am I to judge
I'm just a singer with a song
But let me say
There's just got to be more than one way
You go your way
and I will go mine
And I'll see you when I get there
You might go left
and I might go right
But I'll see you when I get there
There's just got to be more than one way
No need to feel you're not alone
Just take my hand
But you've got to find it on your own
There's just got to be more than one way
But you go your way
and I will go mine
and I'll see you when I get there
you might go left
I might choose to go right
But I'll see you when I get there
There's just got to be more than one way
You go your way
I will go mine
I promise you this
It will all be alright
There's just got to be
There's just got to be
There's just got to be more than one way
You go your way
and I will go mine
and I'll see you when I get there
You might go left
I go right
and I'll see you when I get there
See when I get there
When I cross over
You know we're all going to cross over

It's going to be alright
Don't you feel it
It's going to be alright
It's going to be alright
Don't you worry it's going to be alright
What you do is alright
