Hurting Kind (I've Got My Eyes On You)

[Robert Plant](#)

She's the girl of my dreams, she's the girl on my mind
She used to play me for a fool 'cause she's the hurting kindI lost my heart in the East, another part in the West
You better jump back, baby, you're the girl I love the bestI'm gonna ride the wind, there's nothing I won't do
I'm coming up real fast, I've got my eyes on you, yeahI see your eyes of love, mmm, tell me what you see
I see your long black hair moving over me here
Oh yes, I feel good now, nowLet's talk about love, let's talk about love
Let's talk about love, let's talk about itAlright, alright, alright, I got my eyes on you
Alright, alright, alright, I got my eyes on youI lost my heart over here, another part over there
