

Begging for Mercy

Bullet for My Valentine

Yeah!

Ohh!

Waking up with just one thing in mind,
Eyes sewn shut so tear them open wide.
I'm on the hunt, I'm on the prowl, I can almost taste you now.
I'm on your scent, I'll track you down. I'm on you now.

Drain your blood, watch it pour.
Drain your blood, (bleed) no more.

Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.
Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.

Can you feel the pain, the smell of fear's around you.
Do you wanna scream, let it out (cuz no one) can hear you.
I'm on the hunt, I'm on the prowl. I can almost taste you now.
I'm on your scent, I'll track you down. I'm on you now.

Drain your blood, watch it pour.
Drain your blood, (bleed) no more.

Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.
Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.

Drain your blood, watch it pour.
Drain your blood, (bleed) no more.

Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.
Please forgive me, I don't know what I'm doing.
Someone help me. (Start) begging for your mercy.

Oh!
