

# Reanimator

## Fields of the Nephilim

Hey, we are transforming  
With your daughters underground  
Hey, we look like sisters  
Caught up in a landslide, falling down  
So far that you can't feel them  
So far that you can't hear them  
So far, so far  
Reanimator, reanimate her now  
Hey, a trial by fire  
Your world stinks  
Your world stinks of you  
Saying the words on the wire  
Your mind burns  
Your mind burns all through  
So far that you can't feel them  
So far that you can't hear them  
So far, so far  
Reanimator, reanimate her now
