

Keep the Conversation (feat. Boaz)

Wiz Khalifa

Intro

Even though I'm in love, sometimes I get so afraid
I'll say something so wrong, just to have something to say

I know the moment is right

tell the girl a comical lie just keep the conversation high

tell the girl a comical lie just keep the conversation high

tell the girl a comical lie just keep the conversation high

tell the girl a comical lie just keep the conversation high Verse one I seen you from afar

Nice frame and your braids long

Gucci bag matching your frames ma

And like a don I approached you

I'm not the player type

But if you play it right

Ma I'll coach you

I'll put it down how I'm spouse to

A popular dude

But I'm tryna to see what's poppin with you

Know a little bout the kid cuz she's been watching my moves

Got my picture on the wall from when I popped in the news

And true

I been runnin' the town

Lot a chicks thought I was nuttin

All of a sudden, wanting me know

Doing research and hunting me down

But never mind the stuntin'

Trying to see what's on your mind and something

Got a place to unwind, it's nothing

Have a wild discussion

Imma roll some of this, ride n then puff it

Yea, we start off slow, then kick it in gear

Off of that smooth shit, I kick in the air

To keep the conversation Chorus Ride, I'm in to taking my time, so I

(tell the girl a comical lie just keep the conversation high)

Ride I don't tell her no lies, I just

(tell the girl a comical lie just keep the conversation high)

Right, you better know she get down, you know

(tell the girl a comical lie just keep the conversation high)

Now she can't get me off of her mind cuz I

(tell the girl a comical lie just keep the conversation high) Verse 2 Here I go, putting myself out there

Really trying to see what shorty about here
 Nothing to doubt here
 See what you get
 Get what you see
 Me I keep it 100%
 Never see myself loving a chick, you might change that
 And if not, I'm happy being the same cat you
 Think it's a shame that, that's how it has to be
 But you with another dude, that'd be sad to see
 You still mad at me, some high school tragedy
 Seeing how I played your home girl who had it bad for me
 I'm like woah, slow down baby, and
 Kick it with your man itta go down crazy
 I wanna get to know ya
 Talk to ya hold ya
 And them places you ain't been
 I wanna show ya
 And she gone' let the kid handle his biz
 off of that smooth shit I kick in the air
 they keep the conversation
 Chorus Ride, I'm in to taking my time, so I
 (tell the girl a comical lie just keep the conversation high)
 Ride I don't tell her no lies, I just
 (tell the girl a comical lie just keep the conversation high)
 Right, you better know she get down, you know
 (tell the girl a comical lie just keep the conversation high)
 Now she can't get me off of her mind cuz I
 (tell the girl a comical lie just keep the conversation high)
 Verse 3 I hit your girl with that slick talk, won't see
 her again
 Drop the top, let your hair go, free in the wind
 Now we can go and get a room on the other side of town
 Or give me head in the whip if you wanna ride around
 Roll up the koheeba getting blunted by the pound
 I made it to the top, who thought I rubbed from the ground
 Bird city, who holdin it down, me and my man whiz
 Hit the club, Buy the bar, we let the champ fizz
 Knockin couple of brauds you know the plan is
 We call the whole crew, and then we ran trillz
 I'm so street I feel a part of the canvas
 Hard knocks University the heart of the campus
 And you know I got my PHD
 But that don't stand for player hating
 That's a Pimpin Heavy Degree
 Chorus Ride, I'm in to taking my time, so I
 (tell the girl a comical lie just keep the conversation high)
 Ride I don't tell her no lies, I just
 (tell the girl a comical lie just keep the conversation high)

Right, you better know she get down, you know
(tell the girl a comical lie just keep the conversation high)
Now she can't get me off of her mind cuz I
(tell the girl a comical lie just keep the conversation high)
