

Why Don't We

Ray Boudreaux

Why don't we feel the fire like we did the very first time?

Where's that smile I used to see?

Why don't we, why don't we

Why don't we act like lovers?

Spend days wrapped up in covers?

Those nights, didn't get much sleep

Why don't we, why don't we

Take some time, the world's too fast

Slow it down, and take a step back

I don't wanna waste another day watching what we had slowly fade away

A love like ours was meant to last a lifetime

So why don't we try?

Why don't I hold you closer?

Why don't you let me in?

Why don't we do all the little things?

Why don't we, why don't we turn around?

Don't give up so fast

It's gonna take some time to get it back, get it back

I don't wanna waste another day watching what we had slowly fade away

A love like ours was meant to last a lifetime, mmmm

So why don't we try?

Why don't we try?

A love like ours was meant to last a lifetime, a lifetime

A love like ours, meant to last a lifetime

So why don't we try?
