

Pound Sign

Kevin Fowler

Dog-tired
Yeah, I'm wired
Uptight-er than an e-string
About to breakTail-draggin'
A little ragged
Hangin' by a thread
That's startin' to frayJust in case there might be
Little ears around
I won't say it
I'll just spell it outI feel like pound-sign, question mark
Star, exclamation point
Don't give a blank
And a whole lot of otherChoice words I can't say
Today I feel like
Pound-sign, question mark
Star, exclamation pointHung-over
A lot closer
To ringin' death's door
Than I was yesterdayHead-achin'
Hand-shakin'
Badly in need
Of a shower and shaveYeah, I know I'm lookin'
A little rough
The least I can do
Is clean my language upI feel like pound-sign, question mark
Star, exclamation point
Don't give a blank
And a whole lot of otherChoice words I can't say
Today I feel like
Pound-sign, question mark
Star, exclamation pointI think I partied
A little too hard last night
Let's see here now
How do I put this right?I feel like pound-sign, question mark
Star, exclamation point
Don't give a blank
And a whole lot of otherChoice words I can't say
Today I feel like
Pound-sign, question mark

Star, exclamation point Don't give a blank
And a whole lot of other
Choice words I can't say
Today I feel like Pound-sign, question mark
Star, exclamation point
Percentage sign, at symbol
Back-slash, squiggle-thing Pound-sign, question mark
Star, exclamation point
