

# A Rubber Hammer and a Broken Head

## Acid Drinkers

(He) pounded my head with a rubber hammer  
Now I'm shorter by over half a meter  
I don't look down on anyone anymore  
I don't spit on anybody's head  
(He) pounded my head with a rubber hammer  
Now all I have is a screwed up head  
Do you know what a drag it is  
Having a broken, wasted head?  
Rubber hammer and broken head  
Rubber hammer and broken head  
Rubber hammer and broken head  
Rubber hammer and broken head  
Don't have money for a mechanic  
Or a doctor or a shrink  
Now I will just wander around  
Short, with a smashed in wasted head  
Rubber hammer and broken head  
Rubber hammer and broken head  
Rubber hammer and broken head  
Rubber hammer and broken head  
That hammer could fuck your whole day...
