

Invisible Ways

Tanlines

Your invisible ways, you sent the signal
Silently alone
And I remember the ways you talked to the ...
Never met someone, I laugh and I laugh

And it's all the same to me
It's important you see
I've given you everything

Now I'm knockin' at the door, sayin' loud
... in town
And I hardly see the scene, but at my dock
I'm at home

In your invisible ways, you talked about leavin'
Silently, alone
