

# Goonette

## Plies

Aye, bruh  
I'm a mother fuckin' goon  
So whatever chick I fuck with  
She got to be a goonette I'm her goon, yeah  
And she's my goonette  
I'm her goon, yeah  
And she's my goonette  
Goon For her birthday I bought her a pink ski mask  
When I piss her off she don't let me eat the pussy when she get mad  
For real, nigga, I ain't gon' like, I done fucked her on the rag  
It was like she was spottin', she ain't bleed that bad She don't like to drive the Chevy, drank too much gas  
Gave her sixty and told her, "Fuck it, go buy the Jag"  
She say she know when I'm lyin' to her 'cause I talk fast  
Cut her friends and them loose, she said them ho's crowd She like me, she don't fuck with rappers, they lie too  
bad  
Pussy fat, I told her it look like she wearin' a pad  
She ain't a ten or a dime, she a ten and a half  
A goonette is the baddest bitch you can ever have She's my baby, yeah  
And I love her to death  
She's got good loving, yeah  
And she keeps it on deck She holds me down, yeah  
While I chase these checks  
I'm her goon, yeah  
And she's my goonette  
Goon She play tough and she act hard, but she cry easy  
Say if she catch me with another bitch, she gon' leave me  
You fuck em' good and you take care of em'  
They don't want you cheatin'  
When I first met her she was green, dawg but now she seasoned She like to drink what I drink, she don't like to  
drink Riesling  
She don't trust no bitches, she feel like they schemin'  
She hood as ever, she can talk just like them white folks  
I don't know if she can fight for real, but she talk shit though And every time she get drunk she like to strain her  
hole  
First time I fucked her, I acted like the rubber broke  
She act like she couldn't take it, she make me fuck her slow  
But now she grab my ass and make me fuck her more She's my baby, yeah  
And I love her to death  
She's got good loving, yeah

And she keeps it on deckShe holds me down, yeah  
While I chase these checks  
I'm her goon, yeah  
And she's my goonette  
GoonI don't want no dingy bitch, give me a goonette  
Can put her hair up in a pony tail and still be that  
Can be the just woke up and pussy's still wet  
And she can be dead ass broke, but she gon' still dressAnd everybody can piss her off, but she won't stress  
And just to make sure I'm good nigga she gon' check  
And every two or three months, nigga, she gettin' check  
Her biggest fear when it come to me is another bitchShe had her choice, to be gettin' fucked and not neck  
I If I had my choice, we'd be gettin' fucked and then neck  
And now she listen and observe so she talk less  
The next bitch to be my lady is a goonetteShe's my baby, yeah  
And I love her to death  
She's got good loving, yeah  
And she keeps it on deckShe holds me down, yeah  
While I chase these checks  
I'm her goon, yeah  
And she's my goonette  
Goon
