Cynical Circus

Melentini

Drive me to your
Cynical Circus
throw me to the dogs...

Let me swallow all your circles
Stir it in my throat

Lose me in smokes of
dressy slaughters
Breathe the vanished soul...

Dive my hair in
bloody waters
One more weep aloud...

Grab my flesh inside your psych
Million eyes
Make a tomb under my vomit
Cry aloud...

Over my suspicions floating
Nervous i fall above the graves
Stuck in mud of sickness
Freaks are my surreys...

Lose me in smokes of
dressy slaughters
Breathe the vanished soul
Dive my hair
One more weep alone...

Lose me in smokes
Breathe the vanished soul
Dive my hair in
bloody waters
One more weep alone...
