Never Be Another

Delilah

why'd you do babe
why'd you do
well your proof babe is untrue
why'd you do babe
why'd you do
tell me once, tell me twice
i will hear you
we used to be long life
do anything right for you
i can't stand by, live a lie with you
cause there'll never be another one
hear my song, hear my voice screamin' help me
i will be on the floor beggin' save me
i'm told remember this man looking for my hand i could
but there'll never be another one, so
why'd you do babe
why'd you do
well your proof babe is untrue
why'd you do babe
why'd you do
and there won't be another one
hi my dear, bye my dear tell me you want me
ask you once, be sincere do you love me

i could try for you, write for you, die for you
and there'll never be another one, so
why'd you do babe
why'd you do
well your proof babe is untrue
why'd you do babe
why'd you do
and there won't be another one
boy, i can feel your heart bursting through my chest
i can feel your lips running all down my neck
still i hear your lies, these words should not be said
one question i can't get out of my head
why'd you do babe
why'd you do
well your proof babe is untrue

why'd you do babe
why'd you do
well your proof babe is untrue
why'd you do babe
why'd you do
well your proof babe is untrue
why'd you do babe
why'd you do
never be another one
