

Seven Sundays

Extreme

One day
We'll find the time
To spend, together
Until then
My love If I had one wish
It wouldn't be hard to choose
Seven Sundays in a row
'Cause that's the day that I spend with you Someday soon
You and I
Will hold each other
Once again
My love If I had one wish
It wouldn't be hard to choose
Seven Sundays in a row
'Cause that's the day that I spend with you
