

# Stupid

## State Of Shock

You like it better when we're wasted  
?Cause it's less complicated  
But when the drugs are gone and faded  
I look at your face and hate it  
I'm always fallin?  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
I miss the days when we were sober  
I know those days are over  
And now I guess we got what we wanted  
Forever these scars will haunt us  
I'm always fallin?  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
  
It's breakin? you and me  
From the time you were mine  
You got me so high  
I guess that's why that I just can't stop  
Even when you're gone  
The stupid lives we fake  
The stupid drugs we take  
I'm always fallin?  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
The stupid lives we fake

The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
The stupid lives we fake  
The stupid drugs we take  
I, I'm beggin? you to see it  
It's breakin? you and me  
I'm beggin? you to see it  
I'm beggin? you to see it  
I'm beggin? you to see it  
It's breakin? you and me
