2Pac

M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches Thugs known to bust on sight
God bless my crazy life la vida loca homie livin' that thug life
Been raised in violence, homicide's my lullaby
Came with the homies and learned to kick it until we die Bose players you wonder why
I live the life of a ghetto kingpin, just let me ride
Bitches and niggaz in penitentiary suits
I send 'em letters and money orders and make 'em my troops As for you females, I got no time, I gotta get mine
You cannot blind me addicted to a life of crime
My time as a shorty was full of car chases
While runnin' with John Gottis and Scarfaces Niggas knew, I'd be the Don in my own crew
A million niggaz with automatics who swarm through
You wonder who shot me here's a clue, stay alert
'Cause we comin' for you and keep it money over bitches M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches I blow you up on the spot, these glocks hot till you drop
All you wannabe cops, you don't wanna see shots
I beef deep with the police peep what these streets do to me
Actin' all new to me I creep on you like puberty You don't wanna see the bad image of this scrimmage
From here to East Greenwich
Through every state with a sentence, frozen weight in the cooter
Ten plates to soup ya, 1 2's we oughta cruise right by the state troopers When I'm drinkin' Cristal, start thinkin'
'bout Al
Bacardi coverin' my body at the wink and a smile
Bag a hottie or two, 'cause butter shotties for you
I got more bodies than Drew, I drink Minoti Anu, fuck your crew
This type of shit I do for a petty hobby
Fuck the world it's fatal dog against everybody M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches My shit's phenomenal, droppin' like Domino
Comin' with the real yo and fuck what you feel yo
This is not for all the freaks in short skirts
This is for my niggaz nationwide doin' work, get your feelings hurt Lose mo' faith than a composure, money
and the doja
Bitches is a cobra with deadly venom

Move as smooth as I get 'em, I'm stackin' G's
My niggas crosstown got kis'
Hoes get diseased and fleas, for these enemies money over bitchesM.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitchesI'm hittin' sixteen switches, my money over bitches
The struggle continues I'll miss you on my road to riches
I'm contrived to strive never laggin'
Disappear in the night with my 64 dragon, rag flaggin'As I get 'em up and leave 'em stuck
Pager blowin' up but I don't give a fuck
I'm fully stocked on the block, pockets full of rocks sellin'
Loc'ers and smokers engaged twenty fo's evenSo what can you do for me and what can I do for you
But stay true and do the things that we do
Blinded evil-minded no option for my offspring
Reminded can't find it complications what the future bringsLosin' my mind why you sweatin' me all the time
I'm caught in a bind, quality time on my grind
Rather be lonely honey and dodge you like snitches
I'm 'bout my riches, money over bitchesM.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitchesThat's from the time a nigga close his eyes I'm hopin', I hope he
awoken
Payin' my own that's tokin' chokin' off a glocks smokin'
Money and power watch these bitches 'cause they skinless
Gettin' niggaz fucked 'n stuck from Timbuk' to Los AngelesAin't a nigga ruggedder than this grimy Heine'
guzzler
Cowards better duck before my calibers start rubbin' ya
Me and my troops play blocks in groups, runnin' in flocks
Deuce-deuce in my socks keepin' a watch out for copsGettin' kicked, I keep my mind on my riches
While uncontrolled schemes
Keep me choosin' my money over all my bitchesM.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitchesM.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitches
M.O.B., nigga 'cause we mob on you tricks
And you know we keep it money over bitchesThat's right nigga
Money over motherfuckin' bitches
M.O.B. on 'em nigga
Keep your motherfuckin' mind on your money, fuck these hoes
You don't need no motherfuckin' bitches
