

Little Baby

Meiko

Little baby, you're on your way to the big time
hands down, tell everyone, and tell them that she's coming to save us
I was left here with a bruise on my heart
and it's still hard to talk about
I was left here in my blue cavalier
I was running from the world
And I wanna get back to the place we started
I wanna get back to the way we had it Little baby, you'll see there's a lot you can handle
face down when you walk through a crowd
I barely noticed you
we were left here with a bottle of Jameson
3 sheets to the wind
I had no cash and a _____ that _ _____
I was running from the world
And I wanna get back to the place we started
I wanna get back to the way we had it Little baby, you're on your way
Little baby, you're on your way
Little baby, you're on your way
Little baby, you're on your way
Your way.....And I wanna get back to the place we started
I wanna get back to the way we had it
