

For What It's Worth

Crystal Bowersox

There's something happening here
What it is ain't exactly clear
There's a man with a gun over there
Telling me that I got to beware
I think it's time we stop, children, what's that sound
Everybody look what's going down

There's battle lines being drawn
Nobody's right if everybody's wrong
Young people should be speaking their minds
Getting so much resistance from behind

We gotta stop, children, what's that sound
Everybody look what's going down
Whats going down, down, down, down

What a field-day for the heat
A thousand people in the street
Singing songs and carrying signs
Mostly say, hooray for our side
I think its time we stop, children, what's that sound
Everybody look what's going down yeah
Mm oh

Paranoia strikes deep
Into your life it will surely creep
Well it starts when you're always afraid
You step out of line,
The man come and take you away

We gotta stop, children, what's that sound
Everybody look what's going down
Now stop, children, what's that sound
Everybody look what's going down
Now stop, children, what's that sound
Everybody look what's going down
Now stop, hey, what's that sound
Everybody look what's going down
Yeah

What's going down, down, down

Hm, what's going down

I think its time we stop
